

OLHAUSEN®

The Best in Billiards®

**Made in the USA -
Played on Around the World**

An American Tradition ...

... Still Made in the U.S.A.

With a passion for excellence through four generations, Olhausen pool tables and game room products offer hours of family fun.

Please visit our website to view all of the quality tables and products that we offer to make your family game room unique and complete.

olhausenbilliards.com

The Olhausen Story

My brother Butch and I have a long family history in the billiard business that began more than 75 years ago when our grandfather became tired of growing corn in Hartley, Iowa. He sold the farm so that he could buy a pool room that was for sale. Our dad, Jerry Olhausen, learned a lot about pool tables before he left Hartley and he continued the family's involvement in the billiard industry when he started his own billiard sales and service business in Las Cruces, New Mexico in 1953. Both Butch and I worked for my dad while we were growing up in Las Cruces, but it wasn't until we both moved to California that our role in the Olhausen legacy would truly begin.

In the early 1970's, Butch and I arrived in San Diego, California with a shared passion for billiards that would become the foundation for the billiard manufacturing business that we built together. In 2006, that same passion brought the company to Portland, Tennessee, where my sons Larry, Colby and Jeffrey are now helping me run the largest pool table manufacturing facility in the world. This new state-of-the-art factory occupies over 250,000 square feet and even though our capacity to produce pool tables has greatly increased, our constant dedication to quality has not changed. Every Olhausen pool table is still built to order.

Manufacturing pool tables in California for more than 30 years put Olhausen Billiards at the forefront of environmental awareness and our move to Tennessee did not change that. We designed our new factory to be not only the largest producer of billiard tables in the industry, but also one of the most environmentally friendly facilities found anywhere in the world. In terms of sustainability, the relocation to Tennessee has put Olhausen Billiards much closer to both our lumber suppliers and our distributors. From our energy efficient factory to our continued use of the latest technology, Olhausen is building pool tables using methods that are best for our customers and best for the environment.

Since 1972, Olhausen has manufactured more than 500,000 pool tables using "American Made" craftsmanship in the design and construction of these tables. Our tables have become known in the industry as the "Best in Billiards" and we are very proud of that fact. We offer an endless variety of pool tables, from ornate pieces of furniture to professional tournament quality tables. No matter how they look on the outside, every Olhausen pool table has the same durable, award winning core on the inside...and that is why Olhausen Billiards can provide you with the highest quality pool table on the market and a true lifetime warranty from our family to yours.

OLHAUSEN®

WHY WE'RE THE BEST IN BILLIARDS!

(and why we're able to offer a lifetime warranty!)

ACCU-FAST®

- Accu-Fast® cushions are the best playing cushions in the business
- We invite you to take the Accu-Fast® Challenge: "JUST PLAY ON IT"

PREMIUM SLATE

- The world's finest slate is diamond honed to create the perfect playing surface
- Each piece of slate is rechecked at our factory for flatness and proper bolt-hole locations.

T-NUT RAIL CONSTRUCTION

- Won't bend and cross-thread
- Precise alignment
- Longer thread grip
- Easy installation and removal
- Eliminates hollow spots under cushions

FACTORY PRE-FIT FRAME CONSTRUCTION

- Built in our factory not in your home
- Pre-leveled and squared for faster, cleaner installation
- Allows for triple-check quality control before shipping
- KD-able for difficult installations

SLATE LINER

- Framing the slate ensures quieter play and reduces the stress on the slate
- Allows a tighter, faster, professional cloth installation
- We bolt through the slate liner to eliminate vibration that can cause the rail bolts to loosen

UNILINER

- Large slate-support area
- Quick, more accurate installation
- Helps keep slate flat and level
- Minimizes wood movement
- Uniliner® tested, almost twice as strong as other frame construction methods

PREMIUM WOOD

- Olhausen purchases the majority of its lumber from the Northeastern US where "slow-growth" trees have tighter grains
- Tighter grains mean minimal discoloring
- It's simple: Better wood makes for a better table

America's Favorite Pool Table

WE BUILD OUR POOL TABLES. WE STAND BEHIND THEM.
ALWAYS HAVE. ALWAYS WILL.

With Over 50 Years of Experience, Your Peace of Mind is Guaranteed
and so is Your Investment

OLHAUSEN

BEHIND THE NAME

Olhausen® quality control far surpasses industry standards. We use the highest quality, diamond-honed slate on all of our tables. Every piece of this premium stone is checked for flatness, smoothness and accurate bolt-hole locations.

MADE IN THE USA

The heart of an Olhausen® - the frame - is carefully assembled on a specially designed bench. After the frame is constructed, all the moldings are hand fitted and then meticulously sanded to perfection.

Professionally trained employees utilizing state-of-the-art machinery, ensures that all Olhausen products are made to exacting specifications enabling us to provide our customers with an heirloom quality piece of furniture.

Olhausen® insists upon the highest grade hardwoods and materials available. To ensure lumber quality, we require suppliers to code each mill run. Sure, it's extra work, but it makes for a better pool table.

CUSTOMIZATION THROUGH INNOVATION

With subtle details like optional Abalone and Mother-of-Pearl inlaid sights, you would think that you were purchasing a piece of Old-World furniture that will be a part of your family for generations...and you would be right.

In addition to our full line of standard finishes, we can create a custom finish to meet your individual needs. Simply take a wood sample to your nearest Authorized Olhausen Dealer and they will have Olhausen build you a table to compliment your home's decor.

www.olhausenbilliards.com

“*Olhausen® is absolutely the best quality pool table made...period!*”

Robert Baxter - Games & Things - Atlanta, GA

When something is as well-made as an Olhausen pool table, you would expect the company to stand behind it. Olhausen confidently stands behind its products in association with a nationwide network of Authorized Dealers, who are chosen as carefully as the wood and slate that go into the tables. Olhausen also guarantees their American-made Accu-Fast® Cushions with a lifetime warranty signed by Donny Olhausen. This warranty means, among other things, that your Olhausen table may outlive you. But don't let that depress you. Just get out there and play.

“*Very few industries feature a brand offering the highest quality with prices for everyone. Billiards has Olhausen® - the pride of our stores & the class of our business.*”

Jay MacDougall - Recreation World Home & Billiard - Edmonton, AB

If you have any questions or comments about your table, please contact us by phone or stop by the factory and talk to an Olhausen. In fact, they would like to hear from you because, chances are, you're going to have something nice to say about that gorgeous piece of furniture with their name on it.

“*When our customers ask for quality we say buy American, buy an Olhausen®!*”
